ABOUT SPACE LAW ATTORNEYS

- Space law attorneys was founded in early 2020 by a young Advocate and Real Estate Consultant who wanted to prove that being young didn't need to compromise your value to outstand as a lawyer and create your own client base.
- In late 2020 the movement started by approaching different young lawyers for the purpose of collaborations and breaking the chain of great number of unemployed lawyers and become independent lawyer and use their energy as youngsters to be creative and self employs.
- Space Law Attorneys has created several employment opportunities and trainings to the upcoming lawyers and built confidence to the youth in the field.

The Mission

- The mission of Space Law Attorney is to create a service agenda and dedication in serving the society and its clients in transparency and legal friendly guidance to enable its clients to reach their maximum expectations in its field.

The Goal

- The Goal of Space Law Attorney is to become the game changer and the leading law firm on the island that provides best services in Corporate industry but not let aside every legal field to enable its clients to have successful operations on the island
